News from the Community Land Trust

More affordable housing for Bishops Castle.

The Trust has agreed to purchase the Methodist Church, to convert it into several homes for local people. The sale will be completed once planning permission for its change of use has been secured. Part of the legacy left to the Trust by the late Bill Bainbridge will be used to help finance the scheme. In the coming weeks the Trust will be consulting with its members, and the community, over the type of housing to be offered.

The former Stars Newsagent at 70 Church Street

This building has been empty for several years, and is showing increasing signs of neglect and decay. Blocked gutters and rotten window frames are allowing rainwater to penetrate the structure, and the hood with its lead coping over the front door is coming away from the facade. The Trust has approached both the Town Council and Councillor Jonny Keeley, asking them to request that Shropshire Council use its powers under the Town and Country Planning Act of 1990, to compel the owners to make repairs to the structure. If you are concerned about this, please write to the Town Council to show your support for the efforts being made to improve matters.

£2,000 gift to the Trust

The Trust has recently received a legacy of £2,000, left to it in the Will of one of our former shareholders. "We are very grateful for this generous gift, and will put it towards the cost of the new Methodist Church project", said Jonathan Brown, Company Secretary.

“Adopting siblings gave us the big family we both wanted”

Shropshire Council and Telford & Wrekin Council’s Joint Adoption Service helps find families for dozens of children every year and is currently looking for more loving homes for young children.

Adopting siblings can be hard work to begin with... but as Shropshire-based Leila* can vouch, it can also give someone the family life they want.

Leila said: “When we decided to look into adoption, siblings were on our mind as both John* and I are from big families and we wanted one for ourselves. I was thinking it might be two children – but we actually got three boys.

“That was amazing - and it has definitely proven to be the best thing we’ve ever done.”

The couple had already tried to start their own family, as Leila explains: “When we first got together we discussed having our own children. John had been married previously, so I was already stepmother to his four children.

BISHOP’S CASTLE

TOWN COUNCIL

Full Council meetings take place usually on the 3rd Tuesday of each month:

All meetings are held in the Town Hall and commence at 7.30pm. Members of the public are most welcome to attend.

There is a specific point in each agenda that members of the public may speak. Should you have an issue you would like to bring to the Council’s attention or something you would like to discuss, please let the Clerk know beforehand that you would like to speak and the subject matter so that we can prepare.

WE WOULD LIKE TO HEAR FROM YOU!

Phone: 01588 638141 or

email:

bishopscastlenewsletter@gmail.com

“But after trying a couple of unsuccessful cycles of IVF we decided we couldn’t go through this emotionally anymore, and started thinking about adoption... but we were still a bit apprehensive about applying.

“Then we saw a TV documentary about two little boys who couldn’t be placed together and that just resonated with us. So, after a lot of discussion, we finally made that call. We followed that up by attending an information event where you could talk to others who had been in our situation as well as to professionals. That’s when the process started in earnest.

“In terms of the process, yes it can feel invasive at times, which you would expect. Our social worker Lucy knows more about me than my best friend does!

“She came to our home once a week for about six weeks and we built such a rapport that I liked and trusted her totally and so I could be honest about every aspect of my life even the bits that I may have been a bit embarrassed about. I think a lot of people are concerned that they will be judged – I can remember for her first visit being worried about the biscuits I gave her or what tea towel to use – I needn’t have worried Lucy didn’t judge us at all”.

Initially Leila and John wanted to adopt two children, but had always said that they would consider three. “Because Lucy knew so much about us she matched us with a sibling group of three and it was a brilliant match. “They are my children – they just didn’t come from my body. But that connection is there.

“I often heard friends say that overwhelming love comes immediately on becoming parents. With my three it took a little longer - but I didn’t push it and I can say wholeheartedly it is there now. They are my boys, and I love them unreservedly.” Leila said.

A major concern for the couple was how John’s own children would take to the new additions in their lives.

“We needn’t have worried!” says Leila. “They view them as their younger brothers; and, as they are older, they take them out, fill them with sugar, exhaust them and leave them back with us. The boys are their siblings in the same way as they are our children.”

As she explains though, it was not all “Brady bunch” from the first moment. “There were problems at first with the older boy as he was nearly four and he found it all a bit bewildering. But when you adopt the support doesn’t stop – and the team were really helpful, then and since.”

And Leila's advice to anyone thinking about adopting?

"I would say to anyone thinking of adoption: 'just do it – make that call'. Go into it with an open mind and factor in a little wiggle room in terms of what you are looking for. Be open with your social worker so they can give you the best match – both for you and your new family.

"People ask how I manage having three children under five. My answer is that you have to be organised, as you would with any family of that size, but not to worry about things like ironing or housework. Once I had the three boys I stopped ironing anything other than school uniforms!

"Finally, don't be hard on yourself: give yourself time when you need a break. But believe me, this will be the best thing you will ever do. It certainly was for us – so much so we are currently in the process of adopting our fourth – so why not make that call?"

Shropshire Council and Telford & Wrekin Council's Joint Adoption Service has an excellent track record of finding loving homes for children.

If you are interested in adoption, why not visit our website at www.roominyourheartforadoption.co.uk, email us at adoption@ontracagency.com or call us on 0800 783 8798.

There are two very well planted and colourful flower beds in the Playing Fields (an orange and purple themed one near the entrance arch and the larger purple and white bed with its own seating area).

These are much appreciated by people who walk through the park, but can you spare any time to help with keeping them tidy ? Just an hour or so should be enough. Please phone 01588 630531 if able and willing to keep these beds looking good..

The Bishop's Castle Community Partnership - AGM Tuesday 21st May

The Bishop's Castle Community Partnership has been established to oversee the delivery of the Community-Led Town Plan. As a constituted charity with its own bank account, the Partnership is able to seek funding for its many initiatives that benefit the community. It works closely with the Town Council, with representatives of the Council on the committee.

The Partnership's aim is to advance citizenship and community development by: providing a strategy for the development of the Town and key economic, social and environmental priorities;

working closely with partners to translate the actions within the Community Town Plan into reality and practice;

regularly consulting the community on its needs and prioritise the actions required;

identifying and bidding for potential sources of funding (often unavailable to statutory bodies) to support local priorities;

representing the interests of the local community at County and national level;

supporting the community of Bishop's Castle and its environs to achieve a better quality of life for residents;

undertaking actions directly where no other partners exist.

The Partnership AGM is on Tuesday 21st May 7:30 in the Town Hall

There will be a presentation on some of the inspiring projects which the Partnership supports to help meet the aims of the Town Plan. A summary of these achievements may be found at [http://
bishopscastletowncouncil.gov.uk/town-plan/](http://bishopscastletowncouncil.gov.uk/town-plan/)

We do hope that members of the community will come along to find out more and, hopefully join the Partnership. Anyone living in the Parish of Bishop's Castle aged 18 or over who supports the work of the Community Partnership is encouraged to become a member. There is no charge and it is a great way to become directly involved in helping to shape the future of our Town.

To the townsfolk and children of Bishop' Castle, the creators of the Christmas Grotto hope you enjoyed our efforts this year.

We are sorry for not being able to open as planned on the Friday evening. This was due to the very high winds, which caused havoc. Thanks to Loz and Outreach for all their efforts in saving the marquee during the storm! Without their help we could not have built the Grotto.

The Grotto team would like to thank Bob and Marian for their help and generosity in letting us build the train on their property. We are hoping to donate the train to a children's hospital or playgroup, so that hopefully it will give continuing pleasure to more children in the future.

We would like to thank South Shropshire Housing Association for their belief in us and for their financial support in the form of a grant. Thank you also to Steve Green and all at Ransfords, and to Henry and everyone at the Castle Hotel. We couldn't have built the train without all your help.

Thank you to all the volunteers who helped build, decorate and run the Grotto – especially all the fairies, elves, and Santa himself – and thank you to the Bishop's Castle Railway Society for the loan of

railway lamps and barrow.

Finally we would like to thank the parents, relations and children who came to the Grotto. We really hope you enjoyed last Christmas' show – and look forward to seeing you all again later this year.

This year we are celebrating our 20th year. The first Grotto was at the Palm-yard in 1999 – it is great to see many of the children who came to the Palm-yard are now bringing their own children.

Happy days!
The Grotto Team

Neighbourhood Plan

The first Neighbourhood Plan for Bishop's Castle is underway. Unlike the Town Plan, which was approved by the Town Council in 2017, the Neighbourhood Plan will have to be approved by the Planning Inspector, after which it would provide a legal basis to influence aspects of planning conditions, including those relating to future housing developments.

A Steering Group of 12 members (maximum) has been created to prepare the Plan. There is still 1 unfilled seat on the Steering Group. The following topics will be covered in the Plan.

Housing: the development of local criteria for use by Shropshire Council in the assessment of sites for future housing allocations; and the identification of specific local housing needs to add detail to Shropshire Council's Core Strategy on the Type and Affordability of Housing

The Conservation Area/Town Centre: an assessment of the essential character of the town centre. It will include negative issues and the potential for future development/change in order to produce policies to safeguard its future.

Green Spaces: identification of local green spaces to be protected

Footpaths: identification of key local footpaths that need improvement or would benefit from integration into future developments and which could then be delivered by developer contributions, Town Council budgets or through CIL (Community Infrastructure Levy) funds.

Anyone interested in either joining the Steering Group or helping to develop any of these topics please contact town-clerk@bishopscaletowncouncil.gov.uk or 01588 638141. **No commitment is required at this stage, just an indication of your area of interest and availability.**
