Plea from The Town Council

There have been incidents recently, where glass bottles have been smashed on the playing fields, as you can appreciate this can cause serious injury to users of the playing fields.

There have also been occasions where irresponsible dog owners have not cleared up after their dogs. This too also could cause infections and the loss of sight.

Please can you clean up after your dogs.

FIGHT THE PLASTIC

Bishops Castle launched the 'Fight the Plastic' campaign this year in February in response to David Attenborough's compelling Blue Planet series which highlighted plastic pollution and the devastating impact on world oceans.

A dedicated team of 20 locals operating as a registered charity organisation under the Town Council's Community Partnership make up the team with local environmentalist David Luckhurst spearheading the project.

With an ambitious 12 month plan to aspire to which includes achieving Plastic-Free Community status, our aim is to reduce the unnecessary use of plastics and the growing plastic leakage into our environment.

As a town, we're already making great progress with many traders starting to switch to non-plastic packaging. There are now 14 retailers in Bishops Castle and 2 outside, offering the Refill scheme: free water bottle re-fills. Go to www.refill.org.uk to download your free app. Students from our Community College are actively involved with beach cleans as well as survey work and their own campus version of 'Fight the Plastic'. A monthly litter picking group led by Lissi Swales welcomes all volunteers – starting at 10.00am every 3rd Friday, meeting at the Auction Yard.

Two Days of Action are now planned for Friday 5th and Saturday 6th October (on the High Street outside the Pharmacy) which will launch an array of activities including our CROWDFUNDER initiative as well as student street theatre, displays and practical action against excessive plastic, with lots of activities, all run by volunteers.

'Fight the Plastic' needs your help to take this initiative beyond the town to a national level for supermarkets, packaging manufacturers and politicians. Will you help? One small pledge could be a giant leap for Bishop's Castle! Go to www.fighttheplastic.co.uk or visit us on Facebook at <https://www.facebook.com/pg/Fight-The-Plastic-168039050541441/posts/>

BISHOP'S CASTLE COMMUNITY PARTNERSHIP Delivering your Town Plan

Bishop's Castle Community-Led Town Plan - Year 1

The Plan was written to help address issues identified by the local community. Listed below are some of the amazing things that have been achieved already this year by dedicated volunteers. The Bishop's Castle Community Partnership oversees the delivery of the Plan. If you would like to become involved in any of the projects to help make Bishop's Castle an even better town, then please do consider joining us.

Doorstep Blue Bag cardboard collection started by Veolia - article in Dec 17 'Town News' to clarify what can be re-cycled

Fight the Plastics: The target of this project is to achieve 'Plastic-Free Community' status for Bishop's Castle, following the Surfers against Sewage initiative. Some of our local retailers are already nearly plastic-free (Happy Bap, Chai Shop, the New Deli); others are making good steps towards replacing plastics. To date the project has been involved in the following activities: Beach Clean (Aberystwyth); Mass Litter Pick; retailer and shopper surveys; Veolia Recycling and Energy Recovery Facilities visits; arranging for 17 local outlets to offer free water bottle re-fills (on 'Refill' app:

www.refill.org.uk)); Autumn Action Days, helping to raise awareness and collecting nearly 200 signatures for a petition to take to our MP to ask him to support any legislation to make packaging manufacturers pay the full cost (now only 10%) of recycling. The project is looking for funding to help continue delivering and has set-up a Crowdfunder appeal at: <http://www.crowdfunder.co.uk/www-fighttheplastic-org-uk>.

The Facebook and Web-site www.fighttheplastic.org.uk and

Bio-diversity

Bee Café' in Town Hall, run by the Town Hall Trust, took advantage of about £1000 the Town Council had put aside for environmental improvement around the building, to purchase 5 new rectangular planters made from recycled plastic. Donations of soil and compost gathered from round the area to fill them and ran a planting session following a talk on 'Gardening for Wildlife' by Jenny Steel in June 2017. The planting was of a mixture of wildflowers, herbs and border annuals and perennials all identified as attractive to pollinating insects.

Save the Bees' stalls at Michaelmas Fair to give advice on encouraging pollinators

Life on the Edge. A489 cross-roads raked 3 times in preparation. Wildlife flower plugs purchased, potted-on and planted out. (£70 LJC grant received).

Bio-diversity week. Insect focussed Science Week held at the Town Hall held in March.

Local Food

BC and Clun Food Hub initiative. Churchstoke Co-op is now supplying surplus food to the BC Community College - which has enabled expansion of meals to students in BC and elsewhere, and BC Co-op has started supplying surplus food to

BC 'Meals on Wheels' with welcome effect, and is piloting with BC Community Hospital.

Lower Woodbatch Farm is now up and running. Vegetables and fruit produce from the farm is available for local sale at the Farmers' market, etc. Future plans include organic certification, running learning sessions with e.g. local schools, training kitchen, box scheme, etc. Regrettably the Open Day in October was rained off but a new day for 2019 will be advertised.

BC Allotments committed to organic gardening. Town Council funds for improvements expected soon.

Renewable Energy

'Woodlands for All' Project: Run by Lightfoot. Volunteers deliver free woodland management; training given; beneficial & therapeutic work for local people; logs from coppicing for those in fuel poverty. First project completed in 2017, a second project starts in Autumn 2018 for BC Community College students. <http://www.lightfootenergy.org.uk/woodlands-for-all/>

Climate Change

Climate Change talks. Lightfoot has arranged a series of talks (14 so far) on associated subjects: the latest one by Dr Simon Jefferey of Harpers Adam University on 'Agriculture & Climate Change' was held at the Community College on 15th November.

Make local walks more accessible

BC Parish Paths Partnership has carried out continuous stile replacement and repair. Stencils have been purchased for painting stiles and gates with numbers for ease of reporting on maintenance issues, and to make following the Town Hall Walk Sheets easier.

Promote and Support Tourism

We are bidding for funds to provide a flexible stage system with canopy and storage solution that may be erected in front of the Town Hall when required as a community asset, providing a level performance space for use by a wide range of other events throughout the year, stimulating new activities to increase visitor footfall significantly.

We are bidding to fund an Elephant Sculpture trail, which, if successful, should provide a significant draw for tourism in Bishop's Castle with benefits for the local economy.

The Town Council are funding the creation and installation of an Albert Howard Interpretation Board to be sited at the entrance to the allotments. In addition a book on Albert Howard written by a local author will be published shortly, and funds are being sought to install an Albert Howard plaque at an appropriate site in the Town.

Live Theatre: Lost Dog presents: Juliet and Romeo – a Guide to Long Life and Happy Marriage.~

Thu, 14th February @ 19:30pm - 20:45pm tickets £6-£12

Pure pleasure. Smart, subversive and sexy. The Guardian Superb. Devastating realism and dark humour. The Stage Lost Dog's new show reveals the real story of Romeo and Juliet. It turns out they didn't die in a tragic misunderstanding, they grew up and lived happily ever after. Well they lived at least. Now they're 40ish, at least one of them is in the grips of a mid-life crisis, they feel constantly mocked by their teenage selves and haunted by the pressures of being the poster couple for romantic love. They have decided to confront their current struggles by putting on a performance – about themselves. Their therapist told them it was a terrible idea.
