

HELPERS NEEDED!

Bishop's Castle Community Transport, based at Enterprise House, is looking for additional volunteers to help with their work. The Organisation operates a Community Bus and Car Scheme in the local area, providing transport for members. Both of our buses are wheelchair accessible and together with our car scheme we provide transport to Hospital appointments, visits to Doctors, Dentists, shopping etc.

All of our helpers are unpaid but allowable expenses are refunded.

As well as drivers for the minibuses, we are particularly in need of Car Scheme drivers; we regularly provide transport to people in the Bishop's Castle, Clun, Lydbury North and Wentnor areas but demand is now increasing and more drivers are needed.

All helpers undergo a DBS (Disclosure and Barring Scheme) check and any necessary training is provided, so if you are interested in helping please ring Adrian on 01588 638350.

This service is much valued by the local community and your assistance will be much appreciated.
